Medical.

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

•.• CONSULTATIONS, IN ALL CASES, FREE

•.• CURES GUARANTEED, OR NO PAY REQUIRED.

•.• IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRECY MAINTAINED.

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting [illegible] as the decay of manly vigor through the loss of [illegible] vital principle of life, the ignorant may suppose my [illegible], but the desire to point out to those who suffer, [illegible] the true cause of their [illegible] tive to be forced into abeyance. Message of the Governor

DELIVERED BEFORE THE SENATE AND HOUSE OF REPRESENTATIVES, IN JOINT CONVENTION SEPT. 16, 1868.

EXECUTIVE DEPARTMENT, SALEM, OREGON,
September 14, 1868.

Gentlemen of the Senate and House of Representatives:

With cordial greeting I welcome you on your coming together at the State Capital. In this assembling to discharge the duties devolving upon us under the Constitution, it should be our first act to make known our gratitude to Almighty God for His goodness to us since last we met, and to ask His guidance in all that we do at this assembling.

We have been the favored ones of the Republic. Neither war, nor famine, nor pestilence have come within our border. Peace, and health, and plenty have held undisturbed dominion over us. And it gives me pleasure to say that the people of Oregon have [illegible] of these blessings. Everywhere within our borders the hand of industry has wrought diligently, and a rapid development of all the material resources of the State has been the result. And as the servants of the people—and for the time being, the custodians of their interests—it becomes our duty to exercise the powers thus conferred upon us in such manner as shall do the greatest good to the people whom we represent.

In my judgment but little legislation is necessary at this session. A statute book overburdened with needless enactments, is a public nuisance. Some slight changes may be necessary in order to perfect our system, but alterations should only be made when the necessity is apparent. The general good requires that but few innovations be made upon the statutes. Nothing so tends to the security of personal rights as laws fixed and well defined, while constant changes unsettle the public mind and involve everything in uncertainty.

INDIAN WAR.

I take great pleasure in communicating to you that the Indian war which for years has been carried on by the savages in the eastern portion of our State, resulting in the destruction of so much life and property, and to which I so earnestly called the attention of the last Legislative Assembly, has been brought to a happy termination. At its session in 1866 the Legislature passed a resolution authorizing the Governor to call out troops in case of emergency. Auxiliary to this, and in view of the necessity which I knew existed, I urged the Legislative Assembly to make an appropriation sufficient to enable me to respond to the appeals that were constantly being made by the citizens of the counties of Grant, Baker and Union, but for reasons unknown to me no appropriation was made, and I was left powerless. The State, by every principle of right, is bound to give protection to all its citizens; and, in my judgment, a fearful responsibility rests somewhere for the long continued and fearful destruction of life and property by the hostile Indians upon our eastern borders. Under the circumstances I could only appeal to the United States military authorities. Upon them I urged the absolute necessity for immediate and vigorous measures to be adopted, and in justice to the commander of the Department of the Columbia, permit me to say that every call for assistance was promptly responded to, and everything done which could be done to procure the only lasting peace which can be procured with hostile Indians—whip them into subjection.

Too much credit cannot be given to Brevet Major General George Crook for his courage, fidelity and untiring efforts in that behalf. Nor would I forget to mention in this connection the officers and men of his command, all of whom have done noble service, and deserve the thanks of the people of this State. The people of Oregon may well congratulate themselves that a war which has proved such a hindrance to the development of one of the best portions of our State, and so destructive of life and property, has been thus brought to so happy a termination. A new era will now dawn upon Eastern Oregon, and her vast fields hitherto unoccupied, rich in silver and gold and inexhaustible pasturage, will offer new inducements to the miner and the husbandman.

INSANE ASYLUM.

On the 1st of October, 1864, the Legislature authorized and directed the Governor to contract with Drs. Hawthorne & Loryea for the keeping, care and medical treatment of all such insane and idiotic persons as should be sent to the Insane Asylum, by the authority of law, for the period of four years and two months. That contract was awarded by my predecessor as the law directed. I therefore call your attention to the fact that the contract with Drs. Hawthorne & Loryea will expire on the 1st of December next, and recommend that suitable and proper arrangements be made for the care and treatment of these wards of the State. Humanity requires that everything which can be done, should be done to alleviate their sufferings and to restore them to their reason and to their friends. I therefore express the hope that the power vested in you in this behalf will be so wielded as to do the greatest good to these unfortunate beings.

It is my duty to state, in this connection, that the Asylum, under the management and direction of Drs. Hawthorne & Loryea has, in my judgment, been conducted in the most satisfactory manner. For further particulars in this connection, I would respectfully call your attention to the report of Drs. Hawthorne & Loryea, and also to the report of Dr. J. S. Giltner, Visiting Physician, copies of which are herewith transmitted.

The Constitution requires, that among other public buildings, an asylum for the insane shall be erected at the Capital of the State. A site has been purchased for that purpose. The location is a good one. And as soon as the financial strength of the State will permit, I think its best interests demand that suitable buildings be erected, and that the management thereof be left to the exclusive control of the Legislative Assembly, as contemplated by the Constitution. It will necessarily take considerable time to erect suitable buildings, and as the contract for the keeping and treatment of the inmates of the Asylum will expire on the 1st day of December next, it will in all probability be found necessary for the Legislature to enter into a new contract with private parties for their keeping and treatment, until such time as the Asylum shall be completed and the State ready to take charge of them.

Should it be found necessary to so contract with private parties, I would respectfully recommend that the price now paid, *per capita*, be reduced. After a thorough investigation of the subject, I am satisfied that the insane can be kept for a less sum than that now paid.

PENITENTIARY.

Since my accession to office, the Penitentiary has, I trust, been managed in such manner as will give general satisfaction to you and to the people of the State. Beginning without buildings, and without systematized labor, a suitable, temporary building has been erected, the best of police regulations have been established, insuring the safe keeping of convicts, and labor has been so directed, aside from extensive permanent improvements made for the State, as to pay fifty per cent. of the entire expenditures of the Penitentiary. I should fail to do my duty, if, in this connection, I did not commend the Superintendent, Wardens, and officers of the Penitentiary, for their vigilant and constant attention to the duties of their respective offices and for the faithful manner in which they have served the State. There is nothing which the people more earnestly desire than that criminals, sentenced to imprisonment for violation of law, should be safely kept. To that end I earnestly recommend that suitable buildings be erected as soon as circumstances will permit, and that an appropriation may be made therefor. In order the more perfectly to secure the convicts the Superintendent of the Penitentiary, in the autumn of 1866, leased the use of the "Gardner Shackle" for the State until this session of the Legislature. I have no hesitation in saying that the use of that shackle was indispensable to the safe keeping of the prisoners, and therefore respectfully recommend that an appropriation sufficient to meet the indebtedness thus incurred be made. The experience of the last two years teaches me that convict labor can be employed in the erection of the public buildings with a great saving to the State if judiciously managed. Under the system now established brick of the best quality can be manufactured in vast quantities by the convicts at a low figure—and inasmuch as the early erection and completion of the State buildings is a public necessity, and believing as I do that [illegible] be more profitably employed [illegible] that work than in any other, I earnestly recommend that measures looking to that end be adopted.

Sec. 14 of Article 5, of the Constitution of the State, confers upon the Governor the power to grant reprieves, commutations and pardons, and in connection therewith requires that he shall report to the Legislative Assembly each case of reprieve, commutation and pardon, together with the reasons for granting the same.

In obedience to that requirement I submit that since the adjournment of the last Legislative Assembly, I have granted in all fifteen pardons and one commutation, to which should be added one pardon granted by Hon. Samuel E. May, Secretary of State and Acting Governor during my absence from the State. The names of the persons pardoned and commuted, together with the dates and the reasons therefor, are as follows, to wit:

A. W. Sweet, pardoned on petition, October, 27th, 1866.

James Buchanan, pardoned because of partial insanity, on the recommendation of Dr. H. Carpenter, attending Physician, December 19th, 1866.

[illegible], commuted from the death penalty to imprisonment for life, on petition, December 24th, 1866.

Joseph McGraw, pardoned from the County Jail of Wasco county, on petition, March [illegible], 1867.

Matthias Ming, pardoned on petition, November 25th, 1867.

Henderson Simpson, pardoned on petition, November 28th, 1867.

Jack [illegible], pardoned on petition, December 6th, 1867.

William Riley, pardoned on petition and statement of Dr. H. Carpenter, attending Physician, that he was affected with a disease of the heart, which disease was greatly aggravated by imprisonment, accompanied with a recommendation that he be pardoned, December 6th, 1867.

Lorenzo O. Murphy, pardoned on petition, December 9th, 1867.

F[illegible] B[illegible], pardoned on petition, December 15th, 1867.

John C. Hannon, pardoned on petition, by the Secretary of State, and at the time Acting Governor of the State, April 2d, 1868.

William Connor, pardoned on petition, May 25th, 1868.

John C. McCarty, pardoned on petition, June 27th, 1868.

John McC[illegible], pardoned on petition [illegible] July [illegible], 1868.

William [illegible], pardoned on petition, August 14th, 1868.

[illegible], pardoned on petition, August 4th, 1868.

The pardoning power [illegible]

In view of this fact, the pardoning power has been used sparingly. [illegible] oftentimes the appeals of humanity should be heeded [illegible] justice be thwarted.

For a more detailed statement of the management of the Penitentiary I beg leave to call your attention to the very elaborate report of M. P. Berry, Esq., Superintendent of the Penitentiary, a copy of which is herewith transmitted. And I would respectfully suggest in this connection that the recommendations made therein are worthy of your serious consideration.

SCHOOL LANDS.

By an Act of the Legislative Assembly of October 15, 18[illegible], [illegible] was appointed a Land Commissioner and as such authorized to locate all lands to which this State was entitled by Act of Congress. And by the same Act the Governor, Secretary of State and State Treasurer, were constituted a Board of Commissioners for the sale of such lands, and the management of the Common School Fund. The requirements of the law have been faithfully carried in every particular, and a vast amount of labor performed, a full report of which is herewith transmitted, together with such recommendations as experience in the workings of the Board has suggested, to which your special attention is invited. The duties and responsibilities imposed upon the Commissioners are great and onerous, and I cannot fail to call your attention to the fact that no provision has been made for their compensation. It is not the intention of the Constitution that labor should be performed without just compensation, and, independent of the Constitution, it is not right to require it. I hesitate not [illegible] to say that provision should be made for paying the Commissioners for their services.

COMMON SCHOOLS.

In reference to the working of our Common School system, I have but little to communicate.

The Reports from School Superintendents of the various counties are so meagre, that it is impossible for me to give you any information upon the subject. From a few of the counties full and satisfactory reports have been received; while from others statements so indefinite were returned as to be of no value, and by some, no reports were made whatever.

In this connection, to the end that uniformity may be obtained, I would respectfully suggest that a general form for the reports of the County School Superintendents be prescribed by law.

A good system of Common Schools is indispensable to a free people. And I trust no pains will be spared to perfect our system that a good English education shall be within the reach of every child in the State. All good argument is in favor of Free Schools, and I earnestly hope, and believe, that the time is near at hand when Oregon can boast of as good a system of Common Schools as any State in the Republic.

FINANCE.

I respectfully call your attention to the Reports of the State Treasurer and Secretary of State, which contain a full statement of the financial operations of the State since the last session of the Legislative Assembly. And in view of the prosperous condition of the State and its freedom from indebtedness I cannot too strongly urge upon you the importance of economical measures and a careful avoidance of everything calculated to increase the burden of taxation. I take great pleasure in assuring you that I will gladly co-operate with you at all times in any measure which has for its object the promotion of the general welfare, the reduction of taxation, or in anything pertaining thereto which shall be deemed just or proper.

RAILROADS.

There is, perhaps, no subject inviting such general attention in this State as that of railroads. All see the importance of, and feel the necessity for, cheap and easy transportation. A general system of railroads in Oregon is an absolute necessity. And I am proud to know that the people are thoroughly aroused upon this subject. There are at this time as many as six different railroad enterprises within the State in process of execution. The Salt Lake and Columbia River Railroad, connecting the Union Pacific Railroad with the navigable waters of the Columbia River, the Oregon Branch of the Central Pacific Railroad, running through the Rogue River, Umpqua and Willamette valleys to the Columbia River and Puget Sound, the Oregon Central Railroad (west side), the Oregon Central Railroad (east side), the Salem and McMinnville Railroad and the St. Helens and Hillsboro Railroad, all of which are of vast importance to the people of the State. And while rival companies may be disposed to waste their substance in needless litigation, it is the manifest duty of the State, rising above merely local ambitions and petty jealousies, to foster each and all alike; and I respectfully but earnestly recommend that you give all the encouragement you rightfully can to these great enterprises, avoiding all preferences, and seeking only the general good of the people.

IMMIGRATION.

All desire a rapid development of the State. For that purpose we need population. To obtain population but little effort is required. In my judgment a judicious and practical system of immigration ought to be organized and fostered by the State. To this end I would respectfully recommend that a Bureau of Immigration be established, whose duty it shall be to prepare statistical information concerning the resources of the State, and the inducements for immigration, and that an agent be appointed to visit all parts of the Republic, in the interests of the Bureau, and that a reasonable compensation be allowed such agent therefor. It may be argued that the organization of such an establishment would be a needless expenditure of the public moneys, and therefore improper. I hope, however, that a more reasonable view of the subject will obtain.

That a large immigration can be induced I am led to believe, and if so the expenditures made in that behalf would be a good investment. Aside from the development of the vast resources of the State which would necessarily result from an influx of population, their poll tax alone, to say nothing of the revenue arising from the fruits of the labor of such newly acquired citizens, would in a short time more than replace the amount expended. Most of the sister States have established such an organization, and are profiting largely thereby, and it is our duty to see that Oregon must not be behind in the great race. I trust you will give the subject your serious consideration and such aid as best to promote the general interests of the State.

CUSTOM HOUSE, U. S. BRANCH MINT, ETC.

My attention has been called by the proper authorities of the General Government to the fact that it is the purpose to erect buildings for a United States Branch Mint at Dalles City, a Custom House at Astoria, and a Court House, Custom House and Post Office at Portland, and some light-houses along our western coast. Before this work so long and so much needed can be begun, the State will have to give its consent by enactment. I recommend, therefore, that appropriate legislation be had upon the subject, and every assistance rendered which will be calculated to further enterprises so important.

Permit me also to call your attention to the fact that there is now no provision in the laws of the State for the admission of United States convicts into the State Penitentiary. The laws of the United States provide for the maintenance of such prisoners and give the officers of the State Prisons the proper authority in the premises. I therefore recommend that proper legislation be had upon that subject.

ESCHEATS.

I desire to call your attention to the condition of the estate of Finice Caruthers, late of Multnomah county, deceased. Sec. 7 of Title 1, of an Act entitled an Act to regulate the descent of real property, &c., passed October 24, 1864, provides, in effect, that if the intestate leaves no lineal descendants, or kindred, his real estate shall escheat to the State. In the Fall of 1860, Finice Caruthers, an old resident of Multnomah county, died intestate, leaving a large landed estate, lying principally in Multnomah county, but partly in Lane and Washington counties. About three hundred acres of these lands are within the limits of the city of Portland. The administrator of said estate, in 1867, filed his final account in the County Court of Multnomah county, in which it was represented that said Finice Caruthers left no lineal descendant, or kindred, and that the estate, amounting to over one hundred thousand dollars, had escheated to the State of Oregon.

The Court directed the administrator to retain possession of such estate, in pursuance of Sec. 2, of Title 8, of an Act entitled "An Act for the recovery of real and personal property escheated to the State, and for the disposition of estates, &c.," passed October 17, 1862. Subsequent to the settlement of the administrator's account, persons claiming to represent certain alleged heirs of Finice Caruthers made claim to an undivided twenty three sixtieths (23-60) of the entire estate, and instituted proceedings for the recovery thereof. This claim is based upon the assumption that the real name of the deceased Finice Caruthers, always so known and called in Oregon, was Finice Thomas, and that the persons now making this claim are a portion of his first and second cousins and their assignees, and, as such, entitled to receive twenty three sixtieths (23-60) of said estate. It was made my duty by Sec. 2 and 8 of the Act before referred to to authorize the proper District Attorney to take the steps necessary for the protection of the rights of the State and to employ counsel to assist. I therefore directed the District Attorney of the Fourth Judicial District to appear in all actions, suits and proceedings pertaining to the enforcement of the rights of the State, and in the Fall of 1867 I employed the law firm of Mitchell, Dolph & Smith of Portland to assist the District Attorney in all matters pertaining to the same.

Various actions and proceedings have been commenced by the claimants in the courts of Multnomah county, all of which, so far as determined, have resulted in decisions adversely to the claimants and in favor of the State. There is, at this time, one of these cases pending on appeal before the Supreme Court of this State. There are, also, three cases pending in the Circuit Court of Multnomah county. I am advised by the attorneys for the State that in their judgment the whole claim is fraudulent and can be defeated in the courts.

Soon after the decease of Finice Caruthers, A. J. Knott and R. J. Ladd, of Portland, set up a claim adversely to the estate to a portion of the lands—about [illegible] acres—included in such estate, and two cases involving the title to this portion are now pending in the Supreme Court of the United States. These cases are also being attended to by the firm of Mitchell, Dolph & Smith, under employment by me. There being no money on hand belonging to this estate, the lands have been sold for taxes the two years last past. I would therefore urge upon you the importance of making provision for the redemption of the lands so sold, and for the compensation of Attorneys employed, and other expenses incurred in the enforcement of the rights of the State to this valuable estate.

CONCLUSION.

In presenting this brief review of the condition of the State [illegible]

GEO. L. WOODS.

LEARNED.—A writer in the *Overland Monthly* is talking about strata of cold air

The Prospect in California.

The Sacramento *Union* is known as a paper which is cautious and unusually correct in its judgments. When the campaign opened in California it expressed the opinion that Grant would carry that State by from five to eight, perhaps ten thousand majority. In its [illegible] of the 11th inst., it says that "these [illegible] chances are in a fair way to be fully [illegible];" and adds:

> Our information, from every part of the field which has been actively canvassed, shows that the party is again thoroughly united everywhere, and that the Union men of 1864 already comprehend that the issues are the same to day they were during the war, and that we have precisely the same liberty hating, Union cursing, bloodthirsty rebels and Copperhead sneaks to combat now whom we defeated in 1864. The nullification and other revolutionary measures [illegible] by the old Confederate Democracy who rule the Georgia Legislature and have control in certain districts of Kentucky, Maryland and Arkansas, will have a tendency to brighten the eyes of Union men still more [illegible] to the danger to be apprehended from the election of the candidates of such influences [illegible] to the Presidency, and increase our chances of carrying this State by at least 10,000 majority. The very overt acts which [illegible] from all eyes and call out the last [illegible] in this and every other State these Southern [illegible] instigated by Tammany and the Northern Democratic [illegible], have [illegible]. Verily [illegible] the gods [illegible] they first make mad." Sumter has been fired upon the [illegible] time.

How [illegible] They Pass.

A California paper [illegible] thrust at those Seymour organs [illegible] are ridiculing the military reputation of General Grant, and shedding hypocritical tears over the Union dead who fell in the [illegible] campaign against Richmond. It says:

> [illegible] their souls were less sensitive to pity, and, in fact, all great Union losses rather inclined them to exultation. We have heard them rejoice many a time when they thought McClellan, or Burnside, or Hooker, or Pope, or Banks, or [illegible] had led the Union armies into inextricable and bloody confusion, and when the reluctant wires told the [illegible] story of thousands slain by the men in gray. They kept up this sort of rejoicing till the Union men of California grew impatient and [illegible] it, and contracted the rude habit of putting Democratic [illegible] and knocking down rejoicing Democrats whenever they wagged their traitor tongues in praise of rebel victories. For a month after Bull Run and Chancellorsville the party carried its eyes in mourning in all our California towns. And when at last poor McClellan was kicked out, and a man who could fight and would fight without gloves was placed at the head of all the armies, the Democratic mourners lost their vocation and [illegible] to their [illegible] the certain ruin of the Confederacy. Isn't it strange when such fellows attack Grant, [illegible] because he recklessly squandered the lives of loyal soldiers?

Vic Trevitt's Committee

The report of the bogus Committee on Credentials of members of the State Senate, consisting of three Democratic partisans appointed by Vic Trevitt who himself holds a seat obtained by fraud and rascality in Wasco county recites the pitiful falsehood that one of the Senators elected in this county in 1866 was "entitled to hold his office for the term of four years and the other for the term of two years from that election " Every member even of that besotted and wooden headed Committee knows that this statement is a lie which none of them can frame an argument to excuse, and that an interloper from this county, (who never pays a debt or a cent of the taxes assessed against him, and who enjoys the reputation of a professional loafer) has no shadow of right to a seat and could have none unless he should be admitted after lots were cast among all the new members and the short term should fall to one of the Senators from this county, of which there would be just one chance in four When new Senators are added, they are not elected a part for two years and a part for four They are all elected upon an equality and all should draw lots to decide who shall have the long and who the short terms The two Senators from Linn and the two from Marion are elected at the same time and go out at the same time; and the idea which some appear to entertain that where a county has two Senators one of them should go out every two years, is all moonshine The future will furnish a remedy for the gross, indecent and unlawful outrage which has been perpetrated at Salem by these unscrupulous partisans

A Fortunate Escape

It was Oregon's good fortune not to elect a Democratic Legislature during the rebellion Had the crowd of "Democratic" voters from the [illegible] now in Oregon, reached here before the election of 1862, there can hardly be a doubt but the State would have been taken out of the Union Had the present Legislature assembled in 1862 it would have adopted the suggestions made at that time by Governor Whiteaker, declared against all [illegible] for preserving the Union, adopted resolutions denying, as Whiteaker did in his message, the right of the Government to defend itself, and encouraged the rebels to persist in their war for separation Indeed it is not improbable that it would have gone further, and raised the standard of resistance in Oregon to the Government of the United States. It is unnecessary to conjecture what would have followed, as the fate of the rebel States of the South is before us But even if a Democratic triumph in Oregon during the war would not have been the means of precipitating the State into open rebellion, it would have encouraged the rebels and added further to the embarrassments of the Government. We repeat, then, that it is fortunate that the "Democracy" did not obtain control of the State during the war Nor would it be in their hands now but for the influx of rebel soldiers, every one of whom votes 'Democratic.' A man who has carried a musket for the rebel Confederacy votes 'Democratic' as naturally as he breathes

"The Old Government"

In a recent speech Wade Hampton, the leader of the Democratic party and the maker of its platform, said: "The old Government was honored at home and respected abroad, taxation was light and plenty blessed the land "

This is true, and as this was the condition of affairs, why did Hampton and his fellow rebels (who are now all enlisted in the Democratic party) wage a furious, bloody and protracted war to destroy "the old Government?" By their own showing they had no excuse. Is an attempt to destroy such a Government as Hampton describes anything less than a crime, and a monstrous crime? Yet these men are now accepted as leaders by the Democratic party, and their declarations in favor of another rebellion are received by that party with infinite relish Do they not look well in the front, directing the campaign and telling the people who saved the "old Government" what the terms are on which they can have peace!

There is a little evening paper in this city which claims to be "neutral in politics," and on that ground it asks for patronage from all classes For some days past, however, it has been growing decidedly "Democratic" in tone, and yesterday it published a letter from Salem which it calls a "statement of facts," but which is as thoroughly meanly and falsely partisan as anything ever published in the *Herald*. We do not complain of its change of programme and its coming out as a Democratic sheet. That is the proprietor's own business But we wish to explode its pretensions to being a "neutral" paper and its claim to patronage on that ground.

The Austrian Legislature recently enacted a law guaranteeing religious liberty to all subjects It is stated as follows "Nobody can be compelled to participate in any religious ceremony, nor can anybody be compelled to rest on the holy day of a religious body not his own, provided he does not by his conduct disturb the divine service nor violate the respect due to any church or denomination engaged in the exercise of a religious rite or custom All churches and denominations have equal claim to mutual respect, and have a right to appeal to the State for protection lastly, the employment of force or fraud for conversion purposes is prohibited "

With due deference to the greatness of Hon Tappertit Trevitt, we feel compelled to suggest that there seems to be a little inconsistency in some of his public acts At the very moment he is making a raid upon the Constitution of the United States he introduces a bill to cede to the United States a site for a branch mint at the Dalles, and other public buildings What does this mean ?

Col Chapman has introduced in the Legislature a memorial to Congress asking aid to build divers railroads What business has a Democrat to be meddling with matters of this kind? Don't he know that the policy of his party for forty years has been one of opposition to internal improvements by the General Government?

A letter is published in the evening paper of this city exalting and magnifying the name of Mr Stout which it seems probable was written by that gentleman himself, as it is inconceivable that any one else could speak with respect of his conduct at the Capital.

LETTERS FROM THE CAPITAL.

SALEM, Thursday, Sept. 17, 1868

IN THE HOUSE—STANDING COMMITTEES

Speaker Whitaker this morning announced the standing committees of the House

RAILROAD MEMORIALS

Col Chapman introduced a joint memorial to Congress asking for aid to the construction of the Salt Lake, Columbia river, Portland and Puget Sound railroad—a branch road to connect with the Union Pacific railroad The memorial fully sets forth the character of the country through which the road will pass its mining, agricultural and pasturable resources the vast commercial advantages to accrue from its completion, in securing the carrying trade with Eastern Asia and demonstrates it a national measure of the greatest importance and necessity It is altogether, a very strong document, and if adopted by the Legislature, as it undoubtedly will be, will constitute a powerful appeal for the road

Mr Gazley introduced a similar memorial asking aid for a road from Portland running southward through the Willamette valley the Umpqua and Rogue River valleys, thence by way of Klamath to connect at the most feasible point with the Central Pacific Railroad It sets forth statements in regard to the importance of the road similar in import to those of Col Chapman's memorial Both the memorials were ordered printed

REFERENCE OF THE MESSAGE

On motion of Col Chapman, so much of the Governor's message as relates to railroads, was referred to a special committee of five

That portion of the message relating to the estate of Fmos Caruthers, was, on motion, referred to a special joint committee, dependent upon the concurrence of the Senate

A joint resolution was adopted referring that part of the message relating to the Insane Asylum, to a committee of three of each house

So much of the message as relates to the U S Branch Mint, Custom house, Court house, etc, was referred to the standing Committee on Commerce

By message from the Senate, a joint resolution was received, providing for the appointment of a joint committee to receive and entertain proposals for the keeping and treatment of the insane, and the reference to such committee of so much of the message as relates to that subject The House concurred with the Senate in the adoption of the resolution The joint committee consists of Senators Hendershott, Cornelius and Crawford, and Representatives, White, Winston and Alexander, of Linn

Another joint resolution provides that so much of the message as relates to the Penitentiary, be referred to a select joint committee, and that the committee be instructed to inquire into the expediency of commencing the erection of one wing of the Penitentiary building and one wing of the Insane Asylum, and the employment therein of convict labor, and to report at the earliest practicable day It was adopted by both houses Committee not yet appointed

BILLS AND RESOLUTIONS

Mr Cox, of Josephine gave notice of a bill to change the method of voting Numerous notices of bills of minor importance were given, which will be noticed hereafter as they shall be introduced

Col Chapman introduced a bill granting the consent of the State of Oregon to the purchase by the United States of certain lands for the purpose of the erection of public buildings for the accommodation of the United States Courts Post office, Custom house Branch Mint Internal Revenue offices and Steamboat Inspectors, at Portland, Dalles and Astoria, and ceding jurisdiction over the same

A resolution was adopted, asking the Governor to communicate information concerning the lands donated by the United States for an Agricultural College

A resolution was adopted in the House granting the privilege to sit within the bar to all contestants

Col Chapman introduced a bill to create a State Department of Statistics, Immigration and Labor Exchange This is a very important measure, and though it contemplates an establishment of considerable magnitude and expense it ought to and probably will be passed It may receive some modification as it progresses through the two houses, but the general purpose and scope of the bill cannot fail to meet the approbation of every liberal man desirous of promoting the best interests of the State

The House joint resolution for a committee to investigate the accounts and books of the State Treasurer, was amended in the Senate, or rather a substitute for it was adopted, providing that the committee shall have power to send for persons and papers, to administer oaths, to employ a competent accountant to assist, etc The House adopted the substitute The Senate has not yet appointed its members of the committee The Democrats are making this matter as formidable as if the Treasurer were already indicted for vast frauds, stealings and defalcations and about to be tried by solemn inquisition There is a very large mountain in labor; a very diminutive mouse will be the issue While all these portentous movements are in progress the Treasurer sits in his office as serene as a man who knows that his house is ready and who does not care a flip of his finger how soon Gabriel toots his horn

CONTESTED CASES

In the Senate this morning, on motion of Col Cornelius, Mr Adams' resolution concerning the allotment of Senators, was taken from the table and referred to the Judiciary Committee

In the House the Clackamas county contested case was taken from the special committee to whom the petition of J W Cain had been referred and referred to another special committee—Messrs Neal, Powell and Gazley. Cain contests Mr Trullinger's seat He had, however, never served any notice as required by law, and the first official intimation Mr Trullinger had of the contest, was the presentation to the House of Mr Cain's petition.

The committee on the contested case from Benton county are working hard in the examination of the testimony The contestants are in a hurry to get in, and confident of success It seems no difficult matter to fix up such things now, and I do not doubt but that Messrs. Alexander and Bensal, will soon exchange places with Messrs Bellinger and Carlile

CONSTITUTIONAL AMENDMENTS.

A joint resolution was introduced in the Senate to withdraw the assent of Oregon to the 14th amendment of the Constitution of the United States

A bill was also introduced in the Senate to provide for a convention to amend the Constitution of Oregon

VISITORS

Messrs Brinck and Welch, visitors from Pennsylvania arrived here last evening I understand they express themselves as highly pleased with all they have seen of our State

FROM THE CAPITAL

[SPECIAL DISPATCH TO THE OREGONIAN]

Oregon Legislature.

In the House, Mr. Brown presented an extensively signed petition for a law establishing a system of free school. Referred to the Committee on Education

Col Chapman offered a resolution instructing the Committee on Commerce to inquire into the expediency of reducing the rates of pilotage of sail vessels on the Columbia river bar Adopted

Mr Cox presented a report from the Special Committee in the Benton county contested case The report gives Bellinger the seat of Bensal by seven majority, and leaves Alexander in his seat by one majority over Carlile, contestant Report laid on the table Mr Gazly will introduce a minority report

A bill to repeal the law proscribing the oath of allegiance in certain cases, the House refused to print

In the afternoon, Ryan of Wasco, introduced a joint resolution memorializing Congress for an appropriation of $75 000 to build a military road from Portland to the Dalles on the south side of the Columbia river Passed

A discussion was had on the joint resolution to appoint a committee to receive proposals for keeping the insane and to authorize a Committee to visit the Asylum Minto Gazly Wayman and others opposed sending a Committee down at the expense of the State, and the House refused to concur in the resolution—22 to 22

A plan is on foot to remove the insane to Salem at the expiration of the present contract The probabilities are in favor of its adoption

In the Senate Herman presented a petition from Douglas for the submission of the question of the division of the county to the people

On motion of Huston a select Committee was appointed to revise the election laws

Huston, Herman, Cochran, Stout and Adams were appointed on the part of the Senate upon a Committee to examine the Treasurer's account

Both houses adjourned till Monday

ROBBERY IN POLK COUNTY —At Independence, on the 15th inst, two burglars entered the store of Vanduyn, Somerville & Co, passing through two back doors Young Edgar Somerville, and Mr Blodgett, one of the partners, were asleep in the bedroom The burglars both entered the room with a light, and each a cocked pistol in hand, one bearing on Mr Blodgett and the other on young Somerville who was on the front side of the bed Both the burglars were masked This was the position of things when the two sleepers simultaneously awoke As soon as they awoke one of the burglars said, 'gentlemen—' but young Somerville did not wait for him to finish the sentence, but immediately sprang up receiving a blow on the head with the burglar's revolver, which cut a gash and made the blood fly, but did not knock him down He immediately seized the burglar and a short scuffle ensued in which the burglar was forced out of the room At the instant young Somerville received the blow on the head Mr Blodgett suddenly dodged his head to the foot of the bed gave the other burglar a sudden kick with both feet, and sent him through the bedroom doorway on to the floor, and the next instant plunged head first through the window at the foot of the bed carrying the whole lower sash glass and all before him, and all this time calling at the top of his voice He was immediately followed through the window by young Somerville, and both streaked it in their night clothes to the residence of J [illegible] Somerville, one of the partners and aroused him Meantime the burglars became alarmed and fearing to pass out the way they came in, dashed through another window into the street and made their escape Nothing has been missed One of the masks was found next morning just across the bridge from town where their horses had apparently been hitched One hundred dollars reward has been offered for their apprehension

The Springfield *Republican* states the case against Seymour for his complicity with the New York mob in this strong light "The damnation of Governor Seymour's speech is not that he called the mob his friends, but they were so and knew it That speech is not to be interpreted by doubtful canons of criticism, but in the light of the speaker's character, and of his conduct before and after.

Vigorous Vitality.—The best defense against disease is a vigorous vitality Disease is simply a struggle between the life-power and the invisible enemies that assail it, and the result depends upon the relative strength of the acting antagonistic principles In proportion to the vigor and energy of the physique and the constitution is their capacity to resist and fight off the morbid influences which produce sickness It is a well known fact that active poisons affect in different degrees the weak and the strong The dose of [illegible] of arsenic that will suffice to kill a child will scarcely sicken a stalwart man It is the same with the aerial poisons which produce epidemic and endemic fevers, dysenteries, fluxes and the like Their effect upon the system depends upon its power of resistance Augment, therefore this resistant power if you would escape these evils The tonic agent necessary to effect this object has been provided in

THE CHRONICLES.

And it came to pass in the third year of the reign of George the Third, who was ruler over the land of Webfoot, that the news went throughout all the land that KOHN & FISHEL, at No. 91 Front street Portland were selling Dry Goods and Clothing at fabulously low prices and all the people heard it and they straightway came unto that place; and when they had demanded the price at KOHN & FISHEL'S store they marvelled and said "The half has not been told us, for here we can buy all kinds of Clothing and Dry Goods for ourselves our wives and our little ones much cheaper than at any other place in all the land of Webfoot" And from that day even until now the people have come in great numbers to buy their goods of KOHN & FISHEL

[illegible] Items.—It is estimated that the wheat crop of Oregon this year will [illegible] 000,000 bushels. One farmer [illegible] Yamhill county raised 2,500 bushels on fifty acres. We learn that Oscar Kilbourn, of this city has been appointed Gauger for [illegible] District of Oregon, under the United States Revenue laws. The repairs on the steamer Kramer rendered [illegible] now about finished. We learn that she will [illegible] on the route between this place and Oregon City. —The work on the walls [illegible] White's, and Holmes & [illegible]'s new brick buildings is about finished. The former is four stories and the latter three [illegible] in height. Yesterday also, in addition to Thursday, was observed as a holiday by the [illegible] portion of our Hebrew population. The [illegible] Council advertise for bids for the contracts to [illegible] Clay, [illegible] and Pine streets. Bids for the contract on the two streets first named will be received up to noon to-day, on Pine street [illegible] Monday next. The receipts of produce at this city during the past week are much larger than for any other week for two months. The Troupe, from Vancouver, brought a quantity of cedar lumber from the [illegible] at that place yesterday. One hundred and twenty Chinamen took passage on the John L. The body of Capt Baynes was taken to San Francisco [illegible] for interment.

[illegible]—The Rev. John Daly will deliver an address in the Presbyterian Church to-morrow (Sabbath) evening in behalf of the Young Men's Christian Association. The [illegible] has but recently been organized [illegible] for the most part of young men, although [illegible] is no limitation to the age of per[illegible] The society is incorporated under the laws of Oregon, and they intend it shall be one of the fixed institutions of the city. Such Associations, as in many of the Eastern States, [illegible] and wherever organized have proved [illegible] none other than a band of young, but most earnest and zealous Christians [illegible] the good and the welfare of [illegible] they have to do. They intend to establish [illegible] reading room, which will be open [illegible] living or passing through our city. Any [illegible] at once the great benefit to be derived [illegible] a society in our midst. W S Ladd has gen[illegible] [illegible] adjoining a brick [illegible] to the Association, free of expense. This room [illegible] neatly furnished and will be [illegible] in a few weeks. A collection will [illegible] evening after Mr Daly's lecture [illegible] of the enterprise, at which it is hoped our citizens [illegible] liberality. Considerable [illegible] will be incurred in the establishment of the [illegible], and the furnishing of books. The large number of our citizens who [illegible] Mr Daly in this city a few days [illegible] of his entire ability to please [illegible] that his lecture to-morrow will be full of interest to all who attend. A few words of gratuitous advice.—It is frequently asked by persons suffering from one of the multitudinous ailments [illegible] resulting from a [illegible], what do you consider the best and most certain remedy for my complaint? the answer is without qualification get a bottle of NEWELL'S PULMONARY SYRUP and use it according to directions and upon the word of a candid man you will get immediate relief.

Facts for the People.—Statistics show that within the last year more than ten thousand children in the United States have died of the terrible disease, Diphtheria, and over six thousand of Putrid Sore Throat. We confidently believe that nineteen twentieths of these victims might have been saved by the timely use of DR E COOPER'S UNIVERSAL MAGNETIC BALM.

Electro-Silicon is not a chemical compound, but a natural product [illegible] of the minute [illegible] found in the State of Nevada. It is ascertained by analysis to be pure silex or silicon, containing nothing that is injurious for the purpose that is recommended. It gives a beautiful finish to Gold, Silver and Plated Ware and also brightens and cleans Tin and Britannia Ware in the most surprising manner. After using it once no housekeeper will ever be without it.

CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, 208 [illegible] AND 237 [illegible] ST

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best [illegible] CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always [illegible] confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions. The sale of which daily increases. The acknowledged superiority of his merchandise, which cannot [illegible] here, and in the markets of the interior, a relatively higher price excites the cupidity of some manufacturers, [illegible] every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public palming upon them their inferior products for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice

BEWARE OF COUNTERFEITS.

WEEKLY REVIEW

PORTLAND Sept 18 1868.

New York telegrams of the 16th quote gold at 144¼ and show a decline [illegible] dency in wheat [illegible] [illegible] [illegible] has also [illegible] a slight depression [illegible] minal at [illegible] The wheat market [illegible] is also declining our latest [illegible] tions being 14s, a decline of 1s from the prices of ten days ago

San Francisco Produce Market—A [illegible] of yesterday are received and note a decline in wheat of 10 to 15 cents on the bushel Oats of choice quality are in fair demand at $2 40@2 50 Barley according to quality $2 25@ $2 40

In our own market the same inactivity noticed a few weeks ago continues to prevail to some extent The receipts of domestic produce are increasing although the low stage of water on the Willamette prevents river transportation to some extent The recent decline in the California wheat market will of course have a depreciating tendency on the same here Farmers in many sections are holding back for an advance in prices, and shippers are in nowise anxious to buy at the present ruling rates. By carefully reviewing the various reports from Europe, the Eastern States and California, we are led to infer that the extraordinary yield of grain this year will tend to a permanent reduction in rates below those for a long time past. The late activity in the California wheat market was owing chiefly to the fact that numerous vessels under charter were ready for their cargoes at the first receipts of the new crop These have all been filled and it is reasonable that the market should experience the present decline

Flour—The supply from the interior is liberal and [illegible] much fuller than at last report. Oats are coming in in considerable [illegible] at the prices given below They find a much [illegible] sale at our figures than wheat [illegible] lots of barley have been received, [illegible] of excellent quality and commands a fair price and ready sale.

[illegible] their fall stock and many of them have well supplied Trade is ordinarily active [illegible] for goods up the Columbia is more active. The [illegible] from San Francisco brought a full [illegible] of assorted merchandise and a large quantity of California fruits and vegetables These are [illegible] in our retail family markets at prices within the [illegible] of all Generally traders are doing well and [illegible] inactivity exists, but on the contrary, the [illegible] are favorable to a brisk fall [illegible]

EXTINGUISHER

PORTABLE

SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered

The advantages to be derived from the use of the EXTINGUISHER are as follows

Every fire begins on a small scale and its rapid and uncontrolled progress is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand

The EXTINGUISHER is the only Engine that fills this requirement

It is always ready for use, though standing unused for years

It puts out Fire instantly

It saves the great deluge of water now used for this purpose

It is as effective in the hands of a Boy as the most experienced Fireman

It is portable and as easily handled as a bucket of water

It possesses within itself the power of a force pump and as effective as a Steam Engine

It is the only known invention that will put out Fires from Kerosene Tar, Naphthaline, and combustible materials now in common use

Dr Gibbon's Dispensary,

616 KEARNEY STREET NEAR COMMERCIAL San Francisco Established in 1854 for the treatment of Sexual and Seminal Diseases [illegible] Gonorrhea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Diseases

How many thousands of young men [illegible] male and female are [illegible] a miserable existence from the effects of [illegible] indulgences or from virus absorbed into the system Look at their pallid emaciated and haggard faces and their broken down constitutions disqualifying them for the happiness of marriage or the enjoyment of life Until a horrid situation then stands suffer until death closes the scene Let parents, guardians friends attend to those who are suffering with any of these horrible destroying maladies—see that they are cared for before it is too late Send them immediately to Doctor Gibbon a physician who has made private disease his especial study for years and who is certain to [illegible] cases without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Both the afflicted and make strict inquiry or you may fall into the hands of these charlatans

Seminal Weakness

Seminal Emissions the consequence of self-abuse This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes pain in the head ringing in the ears noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision blunted intellect, loss of confidence diffidence in approaching strangers a dislike to form new acquaintances a disposition to shun society loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue fetid breath coughs consumption, night sweats monomania and frequently insanity If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use For Ten Dollars sent in registered letter or through Wells Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who with bogus advice do deceive the unwary Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades Some are tinsmiths shoemakers newspaper carriers Intelligence office keepers etc Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find their former occupations in it Look at the Directory for 1862 and 1863 The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for as advertising physicians in eight cases out of ten, are bogus there is no safety in trusting any of them until you know who and what they are Dr Gibbon does not deceive people by exhibiting bogus titles certificates, pretended patient's letters etc Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure

WEEKLY REVIEW

PORTLAND, Sept 18, 1868

New York telegrams of the 16th quote gold at 144¼, and show a declining tendency in wheat. Prices [illegible] a slight depression [illegible] at $1.5 [illegible] The wheat market [illegible] tions being [illegible] a decline of 1s from the prices of ten days ago.

San Francisco Produce Market—A [illegible] are received, and note a decline [illegible] of 10 to 15 cents on the bushel. Oats of choice quality are in fair demand at $2 40@2 50. Barley according to quality $2 25@$2 40.

In our own market the same inactivity noticed a [illegible] weeks ago continues to prevail to some extent. The receipts of domestic produce are increasing, although the low stage of water on the Willamette prevents river transportation to some extent. The recent decline in the California wheat market will of course have a depreciating tendency on the same here. Farmers in many sections are holding back for an advance in prices, and [illegible] are in nowise anxious to buy at the present ruling rates. By carefully reviewing the various reports from Europe, the Eastern States and California, we are led to infer that the extraordinary yield of grain this year will tend to a permanent reduction in rates below those for a long time [illegible]. The late activity in the California wheat market was owing chiefly to the fact that no [illegible] charter were ready for their cargoes at the first receipts of the new crop. These have all been filled, and it is reasonable that the market should experience the present decline.

Flour—The supply from the interior is liberal and [illegible] to the [illegible] market being much fuller than at last report. Oats are coming in in considerable quantities and are firm at the prices given below. They find a ready [illegible] our figures than wheat. Small lots of barley have been received. [illegible] of excellent quality and commands a fair price and ready sale.

[illegible] are receiving their fall stock and many of them are well supplied. Trade is ordinarily active. The [illegible] for goods up the Columbia is more [illegible] The John L. [illegible] from San Francisco brought a full [illegible] of assorted merchandise and a large quantity of California fruits and vegetables. There are [illegible] in our retail family markets at prices within the reach of all. Generally traders are doing well and [illegible] the inactivity exists; but on the contrary, the indications are favorable to a brisk fall trade.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, [illegible] COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. [illegible] years standing [illegible] successfully treated.

Horrible Diseases.

How many thousands of young men [illegible] male and female [illegible] arising from the indulgences or from virus absorbed into the system. Look at their pallid emaciated and [illegible] broken down constitutions, disqualifying them for the happiness of marriage, or the only end of life. In this horrid situation these sands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible diseases [illegible] see that they are cared for [illegible] Send them immediately to Dr Gibbon, a physician who has made private diseases his specialty for years and who is certain to [illegible] cases without mercury or any injurious drugs. It is important to those who are afflicted [illegible] who are interested in the welfare of their friends to beware of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from European [illegible] Be [illegible] and make strict inquiry [illegible] fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emission [illegible] a consequence of self abuse. This solitary vice or [illegible] sexual indulgence is practised by the youth of both sexes [illegible] an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confusion of vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and pustules about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained [illegible] immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily that he [illegible] cured of this complaint by either of the San Francisco [illegible]

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

To sons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use. Ten Dollars sent in registered letter or through Wells Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco [illegible] and pretenders, who with [illegible] to catch the unwary. Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR J F GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 852.

REMEMBER TO PUT BOX 852 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. [illegible] fv6d4ptf
